Calf Creep

Cost to Profit Potential:

Expected Daily Gain Improvement .5 lbs to .75 lbs/calf/day

Average Daily Cost - \$.31/hd/day (1 lb consumed/day)

Cost for product: 90 days X \$0.31/day = \$27.90

Expected additional gain:

90 days X .5 lb/gain/day = 45 lbs X \$1.20 = \$54

Additional Profit/Calf (90days) = \$54 - \$27.90 = \$26.10
