Made in the USA

Directions: Feed at one ounce per hundredweight (cwt) of body weight when using as a top dress. In Total Mix Rations (TMRs), add at 2% to 2.5% (40 to 50 pounds per ton). DO NOT exceed 3.3 lbs (1.5 kg) per head/day. CAUTION: Follow label directions. Feeding added selenium at levels in excess of 0.3 ppm in the total diet is prohibited.

Fresh Start is designed primarily for lactation rations to stimulate intake and provide dense, readily assimilated (non-starch) energy to push lactation peaks without adding undue stress to the animal. It is also used in receiving rations.

50 lbs / 22.7 kg
